“Although we visibly run one mile to honor and remember each fallen hero from the current conflicts, the total run represents every service member from New Jersey who laid down their lives for freedoms cause. Thousands have sacrificed to preserve our way of life and as we give tribute to a particular hero please remember others who have given the ultimate sacrifice throughout history. New Jersey being rich in the foundation of this country has given many of her sons and daughters.

Regardless of war or conflict, branch of service or method of death, we ultimately run for them all, honoring their service and sacrifice, and remembering that they each gave up a future so that we could have ours. We give tribute to them by name wherever possible and to the sacrifice of the families they left behind.”
